GENERAL MANAGER REPORT ADAM DEVCICH

WELCOME TO SEASON 2024!

Before we get onto the kick off of the club competition, a big congratulations to Garth Brennan and the A-Plus Contracting and Poly Welding Newcastle Rebels for their campaign throughout March which saw them take out back-to-back NSWRL men's Country Championships after defeating the Monaro Colts in the final at Cessnock Sportsground three weeks ago.

For those of you that have followed us for some time, you'll notice a new logo. In the off season we rebranded our organisation to reflect the wider region we now cover – we are the NEWRL. Over the season you will see not only see the new logo but more content of our players and volunteers that create our competitions. A big thank you to Newcastle legend, Paul Harragon who played a big on camera part in the new content we have created.

A note the Oporto Women's Premiership. For the first time, the premier women's competition will be part of the Newcastle Rugby League match days as we look to elevate the local women's competitions to be a pathway to the NSWRL Harvey Norman competition and the NRLW. Thanks to Jansen Miranda, his fellow Oporto franchisees and Oporto HQ for being such a great supported of the women's game. As so to the 2024 Denton Engineering Cup! Firstly, thanks again to Michelle and Ian Denton from the Denton Engineering Group for being the naming rights partner of our first grade competition again in 2024 and thanks for being such a long time supporter of the Newcastle Rugby League.

Between the playing talent that has been retained by our clubs in the Denton Cup and the new talent that is coming into the competition there is no doubt that all of the squads are stronger than they were in 2023. That is a great credit to the club personnel that have recruited sponsors to allow the outstanding playing talent to come and stay in our competition. Its also in no small part a result of the quality coaches that we have in competition that has also been improved this season with Jye Bayley joining Macquarie, Rip Tylor going to Kurri and Adam Bettridge returning to the Denton Cup by joining the Butcher Boys CONTINUED NEXT PAGE

GENERAL MANAGER REPORT CONTINUED..

What better way to showcase our Denton Cup playing talent than by having them all play at the same place on the same day with our inaugural Brydens Lawyers magic round! What a day this promises to be - 5 games of first grade footy amongst a craft beer festival including an entertainment precinct. So get down to No 2 Sportsground on Saturday, for what will be a great day – not for just lovers of footy, but for lovers of a good time! This is a stake in the ground, for us to create this as an annual event. To the volunteers of our clubs. For some of them the pre-season can be the busiest time of year with player regos, trainer compliance, player contracts and just getting players back to your club can taking up a great deal of time. So to those of you that make that happen, the competition doesn't happen without you, so thank you!

To our coaches, thanks for choosing to spend your time mentoring the players, creating training sessions, recruiting players. The competition doesn't happen without you, so thank you!

To our sponsors, Toohey's, Denton Engineering, Oporto, Brydens Lawyers, A-Plus Contracting and Poly Welding, Booth Contracting, Hunter Petroleum Products, Gormo's Mechanical, the Queens Wharf Hotel, Coochie's Hydrogreen, TEW, Taylor Constructions, Dalton Partners you allow us to offer the services to the clubs that we do and to promote what is outside NSW Cup, the best competition in the State. The competition doesn't happen without you, so thank you!

To our match officials, we appreciate you spending your weekends refereeing and touch judging all the competitions throughout Newcastle. There is never enough of you and the competition doesn't happen without you, so thank you!

To our players....the ones that provide the entertainment. You are the one's that everyone comes to see and playing at this level takes significant commitment while fitting in training and playing along jobs and family. We look forward to what you provide on the field this season because the competition certainly doesn't happen without you, so thank you!

To our outstanding operations co-ordinator Skye Molloy, thank you so much for your tireless work – for all your early mornings and late nights. For not just getting things done when they need to get done, but for getting it done so well. You play a pivotal role you play in bringing the Newcastle Rugby League to life!

To Brodie Richardson and his team at We Made You Look who do all our social media and assisted in creating our new brand, thanks for promoting our brand as expertly as you do.

To the NSWRL, the board of directors of the Newcastle Rugby League that you for your time, advice ideas and support!

Finally, to the fans of the clubs, enjoy the footy, enjoy supporting your club, enjoy the greatest game of all – especially at magic round!

Welcome to the 2024 Toohey's Newcastle Rugby League.
